 FROM : Chief of Mission, Santiago
 SUBJECT: GENERAL— KUGOWN Operational

DATE: 4 February 1954

SPECIFIC— Termination of Paul D. LANGEVIN

REF: SAGO 903 dated 10 October 1953

1. Attached are a) statement of termination signed by subject and b) agent's service record. Submission of these items has been delayed pending receipt of Field Instruction 236-1. Since this instruction has not been received we are submitting the enclosures to close the record on this case. *46 (last)*
2. Paul D. LANGEVIN may be used for recruiting tasks before his permanent departure from Chile in April 1954. His security is not questioned and he has expressed a willingness to perform such tasks.
3. He also requests arrangements for the payment of income tax on his earnings during 1953. This matter will be handled by cable in view of time element.
4. The following explains the timing of LANGEVIN's termination: he had been advised that he would be terminated one month after all advances had been liquidated. This would have been 30 September 1953. This date was also chosen since it was expected that COMINUS would take over FURIOSO "C" at about that time. COMINUS did take over the project early in October. However, LANGEVIN did no work during the month of September for which he would be entitled to payment, although he presumably was available for duty. The last payment of \$37.44 for the period 1 through 31 August 1953 was in addition to the liquidation of his advances although it did not cover a full month from the date of such liquidation which must have occurred sometime in August. LANGEVIN accepted this as the last payment coming to him so there did not seem to be any point in forcing another \$500 on him for a period during which he did no work.

CLASSIFICATIONTO : Chief, WHD
FROM : Chief of Station, Santiago
SUBJECT: GENERAL— Operational MattersDATE: 28 November 1951SPECIFIC— ZACACTUS, Chile
REF: Sago-360[REDACTED]
[REDACTED]
[REDACTED]

1. Pursuant to the verbal statements of Dennis K. COPELAND at the Lima Conference of certain Station Chiefs, pertaining to ZACACTUS Operations in Chile, the following suggestions are advanced for Headquarters' consideration:

a) Cover for Chile, Official:

The Air Attaché, Col. William ROSS, talked at length with General ACKERMAN, Assistant A-2, AFCS, while attending the Panama Service Attaché Conference, on the question of providing a replacement for the Air Officer who had originally been scheduled for Santiago Air Attaché Office to handle ZACACTUS. ROSS, who is a very intelligent, capable officer, with excellent intelligence experience, told ACKERMAN that he would appreciate being considered for this assignment in addition to his regular duties, as he was keenly interested in this type of endeavor. He was of the opinion that he could devote as large a share of his time to this work as would any other officer so assigned to his office. Furthermore, due to the size of his staff, three officers, he felt he could assign the bulk of his Air duties to his assistants and concentrate his efforts on ZACACTUS matters, which he thought were of greater importance in Chile. General ACKERMAN, according to ROSS, was not adverse to this proposal but stated he would await contact from ZACACTUS Headquarters before considering the matter further.

This Station has high regard for ROSS and is of the opinion that he would apply himself in a very diligent and intelligent manner to the duties of handling ZACACTUS in Chile. He is fully aware of the necessity for discretion, as he had been briefed on this at the time the former ZACACTUS candidate had been considered for the Air Attaché Office.

b) Covert field cover:

RESTRICTED TO W&H/Chile

This Station highly recommends Headquarters' consideration of FULMINATOR-1 as the principal ZACACTUS operator in Chile on a permanent basis. This person is well known to this Station and has demonstrated his ability in handling FULMINATOR-2 and the publication of the posters/stickers for the

UN-ECOSOC propaganda effort. His assets are generally as follows:

- 1) **Covers:** He is publisher and editor of a fairly successful weekly newspaper in Chile. Although he is at the moment considering the possibility of selling this newspaper, he has been encouraged to defer such action for thirty days pending Headquarters' decision on his case. This paper has its own printing presses and is capable of handling large printing orders of all types. This activity could be regulated in such a manner that it would only require a minimum amount of FULMINATER-1's time and would provide him with an excellent cover for his ZACACTUS activities.
- 2) **Ability:** He is a writer, playwrite, publisher and editor. Those qualifications plus his initiative, imaginativeness, ingenuity and broad intellectual background should qualify him for ZACACTUS operations. He, of course, has an excellent command of Spanish as well as French and German.
- 3) **Contacts:** Due to his professional status in Chile, he is on excellent personal terms with all other newspaper publishers, correspondents and editors. He also conducts a radio program and is accordingly well informed in this field and has many radio contacts. In view of the fact he originally published his newspaper in Valparaiso, he has many contacts on the coast as well which should be important in this work.
- 4) **Personality:** He is considered exceptional both in appearance and personality and has easily acquired the confidence and friendship of Chileans and Americans alike. Due to his wide interests, he is considered very well informed and cultured. His demeanor is always that of a gentleman, yet he is capable of courageous action as evidenced by his war experience and his conduct of assignments for this Station as indicated below.
- 5) **Intelligence experience:** He was originally approved operationally to handle the complex Soviet espionage case of FULMINATER-2. His conduct of this case was considered excellent, and he displayed resourcefulness, tact and ability to handle himself in difficult circumstances.

During the LCACTING operations of this Station involving the printing of the posters, stickers, handbills and the "Communist Pig", this Station called on FULMINATER-1 to do the job. It will be recalled that Headquarters was very pleased with the printing job in this project which FULMINATER-1 had done. This particular project revealed FULMINATER-1's ability to handle ZACACTUS work effectively and with discretion as borne out by the fact that the local Communists were never able to trace the origin of this material.

c) **Modus operandi:**

- 1) **Diplomatic cover:** It is suggested that ROSS be designated as the control

officer for ZACACTUS in Chile and that he maintain the official files, funds and communications with ZACACTUS Headquarters.

2) ZACACTUS Field Operator: It is suggested that FULMINATER-1 be employed on a regular State-side salary basis and that he be authorized a small staff to assist him in the actual handling of all field projects. He should have one officer assistant in a covert capacity and two stenographers, all of whom would be in his overt cover office, presumably as his regular employees.

3) Cut-outs, agents, etc.: FULMINATER-1 should be authorized to develop such cut-outs, agents, etc. as required to carry out his objectives in Chile.

2. This Station is of the opinion that with the exception of possibly Mexico and Venezuela, Chile is one of the most important PW targets in Latin America. The Communist influence in Chile is unquestionably a serious political factor, and their propaganda is growing steadily throughout the country with extremely little if any opposition. The present Communist drive towards nationalization of the copper industry is gaining adherents daily and should be considered a potentially serious matter from the standpoint of our reliance on Chilean copper. Thus, it is the view of this Station that PW work is important in Chile and that its initiation on a larger scale should not be unduly delayed. It is also believed that considerable time, effort and money would be saved by utilizing the talent now in Chile, such as ROSS and FULMINATER-1, who already have their feet on the ground and are ready to start.

3. In the case of ROSS, if Headquarters is interested, it should approach General ACKERMAN direct in A-2. Regarding FULMINATER-1, a very tentative approach has been made to sound him out, and he reacted very favorably although no commitments were made as to salary or exact nature of the work. The moment for a decision in his case is very opportune, as he is planning to sell his newspaper and leave Chile for the United States or some other country. Recognizing the value his paper and presses would have to his cover and his work, he was asked, as mentioned above, to postpone selling his paper for thirty days. It is believed that he would be an excellent person for ZACACTUS in Chile and for future consideration as a Staff Officer. It is not believed that he would be interested in any salary less than \$5,000 per year although again, this subject has not been discussed with him to date. It is urged, however, that Headquarters cable this Station as early as practicable if there is any interest in obtaining FULMINATER-1 as proposed above.

MEMORANDUM FOR: Chief, WH Division
SUBJECT : Mr. David A. Phillips

1. The attached dispatch from the Chief of Station, Beirut, covers the proposed resignation of Mr. David A. Phillips from CIA. The matter was discussed with the Chief of Station during his recent visit to Headquarters, and he feels that Mr. Phillips' decision to return to South America is irrevocable.
2. Mr. Phillips, as you are aware, was in Havana until the spring of 1957, at which time he accepted a staff agent position in Beirut. His primary responsibility was the establishment of a radio and television production center in addition to providing a variety of covert programs in the psychological field. Mr. Phillips was instrumental in the establishment of a clandestine radio broadcasting station in the area in addition to the more direct responsibilities of his Beirut assignment.

3. The Chief of Station indicated that Mr. Phillips did a highly commendable job while in Beirut and feels his departure from the Middle East is regrettable; however, he was unable to dissuade Mr. Phillips from his desires to leave CIA. Headquarters has been equally impressed by Mr. Phillips' services and feels he performed in an exemplary manner, utilizing his mature judgment and excellent PP sense in attaining the objectives which led to his assignment in Beirut.

SUBJECT: Future Resignation from CIA of David Phillips

1. In a recent meeting with the Chief of Station, David Phillips, the PECTATE case officer, informally announced his intention of resigning from CIA in the near future. At that time Phillips requested that Headquarters be informed by the Chief of Station. The decision to resign has been made informally, in order for the Station and Headquarters to have as much advance notice as possible. Actually, Phillips does not expect to leave his Beirut assignment for about four months, or sometime in the month of July. Phillips reports that the PECTATE building will have been finished and occupied by PECTATE staffers long before that time.

2. In the above-mentioned meeting, and in a Memorandum for the Record submitted to the Chief of Station, Phillips has emphasized that his decision was reached after careful thought and has been prompted solely by personal considerations. Specifically the reasons are:

a. The necessity of Phillips' return to Latin America to take care of personal business problems, mainly the sale of his newspaper in Chile. He has been negotiating for this sale for many months, but he feels that an advantageous agreement would be impossible to reach by mail from such a distance.

b. Phillips' desire to inaugurate a business firm in Cuba.

3. The Chief of Station has discussed this matter with Phillips in detail. Phillips has reiterated--and has requested that Headquarters be so advised--that his decision is purely personal. There is no question of dissatisfaction with CIA, or of a morale problem. On the contrary, Phillips has expressed his regret that circumstances prompt him to terminate what he has described as a most rewarding association with CIA.

4. Phillips' plans for leaving the Beirut assignment bring up the problem of future CIA control of PECTATE. Phillips has submitted to the Chief of Station his personal recommendations on this score, which have been considered in preparing a separate dispatch.

CHILE's Chilean Newspaper
Newspaper's Treatment of Klein-Saks Mission

ACTION REQUIRED: As requested in paragraph 1.

1. Please advise CHILE of the following, which has been received by Chief, NEA Division, from the COO, Santiago, regarding CHILE's newspaper.

2. "...The newspaper owned by CHILE has been engaging in an all-out campaign against the Klein-Saks Mission and their economic program for Chile. While the newspaper in itself is not terribly important, the Embassy has become disturbed because of the newspaper being owned by an American. Recently the Ambassador called in the local editor of the newspaper and asked for an explanation. He replied that he was himself in complete accord with the Klein-Saks program in that his hands were tied as he was acting upon instructions from his publisher. Personally, I think that that was probably not true but was simply a means of passing the buck to extricate himself from a difficult situation. I do not believe that CHILE is very much au courant with the activities of the newspaper and that its policy is left pretty much in the hands of the local editor. Unfortunately, the Air Attache, who has been here for a considerable period, mentioned to the Ambassador that he thought I might be able to throw some light on the situation due to the fact that he, himself, knew that CHILE had some sort of connection with RIAS. I stated if there was such a connection, I was not cognizant of it. Nevertheless, I think that the most circumspect thing that could be done would be to apprise NEA of what is going on on his newspaper, so that he could correct the situation if he so desires. I understand the Ambassador intends to write a very strong letter directly to CHILE. A strong statement in reply could very well avoid embarrassment at a future date for 'EMB'."

3. (CNEA) may find it more desirable to postpone his strong letter of reprimand to his editor in Chile until he actually receives a letter on this matter from the Ambassador, unless he can feasibly explain the anti-American attitude of his Chilean newspaper through overt sources.

SUBJECT : David A. PHILLIPS - Current Attitude of Newspaper
in Chile owned by;

1. It is recommended that the attached be brought to the attention of David A. PHILLIPS, with an expression of HQS' views on the situation.

2. David A. PHILLIPS is a KUBARD Staff agent presently serving overseas and most probably is, as Rafford W. HEMMELT suggests, NOT aware of the current attitude of the paper (COCHE PACIFIC MAIL - weekly English Language newspaper); however, it is believed that if the situation were brought to his attention, and copy of the attached self explanatory letter forwarded to him, he would be able to correct it promptly by a letter to the editor outlining the policy he, the owner, wishes the paper to follow.

Dear J. C. *

This is to advise you of a situation that might possibly become embarrassing for KUEARK. In recent months the newspaper here owned by David A. Phillips*, has been waging an all-out campaign against the Klein-Saks Mission and their economic program for Chile. While the newspaper in itself is not terribly important, the Embassy has become disturbed because of the newspaper being owned by an American. Recently the Ambassador called in the local editor of the newspaper and asked for an explanation. He replied that he was himself in complete accord with the Klein-Saks program but that his hands were tied as he was acting upon instructions from his publisher. Personally, I think that that was probably not true but was simply a means of passing the buck to extricate himself from a difficult situation. I do not believe that Phillips is very much "au courant" with the activities of the newspaper and that its policy is left pretty much in the hands of the local editor. Unfortunately, the Air Attaché, who has been here for a considerable period, mentioned to the Ambassador that he thought I might be able to throw some light on the situation due to the fact that he, himself, knew that Phillips had some sort of connection with KUEARK. I stated that if there was such a connection that I was not cognizant of it. Nevertheless, I think that the most circumspect thing that could be done would be to apprise Phillips of what is going on in his newspaper, so that he could correct the situation if he so desires.
